Claims 24-30 are objected to because of the following informalities:

Claim 24 recites the limitation "second mark part" in line 7. There is insufficient antecedent basis for this limitation in the claim.

Appropriate correction is required.

The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

Claims 1, 2, 4-7, and 9, are rejected under 35 U.S.C. 102(b) as being anticipated by Higashikawa et al (U.S. Patent 6,319,637).

The rejection is maintained as stated in the Office Action mailed 09-09-04, and as stated below.

Applicant argues that Higashikawa et al does not teach transferring a defective pattern to a substrate. However, the claims are not so limited. Higashikawa et al discloses a lithographic semiconductor fabrication process comprising exposing a semiconductor wafer to a first mask part that is at least defective (Figure 2A, and Column 7, lines 7-9), exposing the semiconductor wafer to a second mask part corresponding to the first mask part, and that is at least free from defects or with defects at different locations (Figures 2A-2E).

Claims 25-30 would be allowable if rewritten to overcome the objection(s) set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.

Claim 24 would be allowable if rewritten or amended to overcome the objection(s) set forth in this Office action.

Claims 31-38 are allowed.

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
